SHRIJITH RAMESH

Mern Stack Web Developer

@ shrijithr2004@gmail.com 📍 Coimbatore ⬡ itsshri in shrijith-r-920a06245 📞 6380368540

Currently pursuing a Bachelor's degree in Computer Science, set to graduate in 2026, I am deeply passionate about creating seamless digital experiences through Mern-stack web development.

EXPERIENCE

Internship
CloudiMax

📅 June 2024 – July 2024 📍 Coimbatore, India

- Developed a responsive web application for the consultancy firm using React.js. Focused on building the frontend interface with a clean and user-friendly design.
- Collaborated with the team to ensure seamless user experience and functionality throughout the application during the one-month internship.

Internship
Explore IT Corp

📅 January 2024 – Ongoing 📍 Coimbatore, India

- Worked as a MERN Stack Developer, actively contributing to the development of multiple full-stack web applications.
- Gained hands-on experience with React.js for building dynamic user interfaces, Node.js and Express.js for backend development, and MongoDB for managing database operations.
- Collaborated in an agile environment, enhancing problem-solving skills and understanding of end-to-end web development.

CERTIFICATIONS

Rest API Certification
iamNeo

- Certified in REST API Development, showcasing expertise in building, designing, and implementing RESTful services.

Testing Methodologies Certification
iamNeo

- Certified in Testing Methodologies, skilled in applying structured testing techniques for robust software quality assurance.

Managing Cloud and Containerization Certificate
iamNeo

- Certified in managing cloud environments, proficient in deploying and scaling applications using cloud platform AWS

Programming in Java
NPTEL

- Completed NPTEL certification in Programming in Java, demonstrating proficiency in core Java concepts and object-oriented programming.

PROJECTS

Trip Planning Application - React
Designed a user-friendly trip planning platform with React, enabling users to organize itineraries and explore destinations efficiently.

Interactive Children Storybook Reading App – React, Springboot
Developed an engaging React-based storybook app with interactive elements to enhance children's reading experience.

Movie Ticket Booking App – React
Built a seamless ticket booking system using React, allowing users to browse movies, select seats, and make reservations.n

Music App (SpotifyPlus) – HTML, CSS, JavaScript
Created a dynamic music streaming web app featuring playlists, playback controls, and responsive design using vanilla web technologies.

Instagram Clone – MERN Stack (React, TailwindCSS, Node.js, Express.js, MongoDB)
Developed a full-stack social media clone with authentication, post sharing, and real-time features using the MERN stack and TailwindCSS.

SOFT SKILLS

Effective Communication

Team Collaboration   Time Management

Emotional Intelligence

STRENGTHS
